- Analytical Thinking
- Time Management

## PROFESSIONAL CERTIFICATES

- Front-End Web Development**  
-E-Health Africa Academy.
- Full Stack Web Development**  
- Early Code Computer Institute.  
-Web Development Bootcamp

## PROFILE

Creative and detail-oriented Front-End / Full-Stack Developer with 2+ years of experience building and deploying 10+ high-performing, responsive web applications using HTML5, React.js, Next.js, Tailwind CSS, and JavaScript (ES6+). Adept at creating smooth, user-friendly digital experiences through fast-loading interfaces, lightweight animations, and pixel-perfect responsive design. Skilled in integrating third-party APIs, optimizing performance, and working with modern tools and libraries across the JavaScript ecosystem. Passionate about clean code, scalability, and collaboration—especially in remote, agile teams. I bring strong UI/UX instincts and a performance-first mindset that ensures users enjoy both beauty and speed in every project I deliver.

## EXPERIENCE

### FRONT END DEVELOPER

#### HASOB INTEGRATED SERVICES | 2024 To Present

- Transformed legacy interfaces into modern, responsive designs with smooth user interactions and lightweight animations.
- Rebuilt and optimized key company platforms like [teras.ng](#) and [hasob.ng](#) to enhance usability, visual appeal, and performance.
- Began as a Quality Assurance Analyst, conducting rigorous testing across client platforms to ensure UI accuracy, functionality, and responsiveness.
- Collaborated with designers and backend developers to maintain quality and deliver engaging, high-performance user experiences.
- Consistently implemented new UI designs, resolved design inconsistencies, and ensured seamless cross-device performance.
- Created internal tools and company portfolio pages that align with brand goals and enhance client credibility.

### Full-Stack Web Developer (React & Next.js)

#### FREELANCE | 2024 To Present

- Built and launched 10+ full-stack websites for clients across diverse industries, including restaurants, real estate, portfolios, and corporate brands.
- Collaborated remotely with clients and teams, managing end-to-end project lifecycles—from design implementation to deployment.
- Integrated third-party APIs, implemented CMS integrations (where needed), and ensured smooth backend connectivity.
- Designed intuitive user experiences with fast-loading pages and clean UI animations that improved visitor engagement.
